

# Bucket Rescue Kit

The Jelco Bucket Rescue Kit is essential for all tradesmen using a bucket truck.

## Features

- Allows for easy rescue in under 2 minutes for a disabled worker in a bucket.
- Designed so that one person can use it for retrieval.
- Contained in a weather resistant bag so it can remain on the boom in all elements.
- Comes in 110' (05701) and 125' (05702) rope lengths.
- A complete training video is included with all units.
